PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Skilled in developing REST APIs, implementing JWT authentication, integrating databases, and building real-time applications using WebSockets. Experienced in frontend development using React.js and Tailwind CSS, backend development using Node.js and Express.js, and version control using Git and GitHub.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, SQL

Frameworks: React.js, Node.js, Express.js, Tailwind CSS

Databases: MongoDB, MySQL, Redis

Core: Data Structures & Algorithms, OOP, REST APIs, WebSockets, Authentication & Authorization, CRUD Operations

Tools: Git, GitHub, Docker, Postman, Vite

PROJECTS

One Music (Real-Time Music Sync App) | <https://onemusic-eta.vercel.app> | MERN Stack + WebSockets

- Developed a real-time music synchronization application using MERN stack and WebSockets for synchronized playback across multiple users
- Integrated YouTube Music API for dynamic music streaming and playback management
- Designed REST APIs and event-driven backend architecture for multi-room session management and real-time synchronization
- Built a real-time room-based chat system using WebSockets for low-latency message exchange alongside synchronized media playback

DevTinder (Developer Networking Platform) | MERN Stack

- Developed a full-stack networking platform with profile creation, authentication, and user connection features
- Implemented JWT-based authentication and authorization to secure user sessions and API endpoints
- Built REST APIs for user management, profile handling, and connection requests
- Designed a responsive UI using React.js and Tailwind CSS with reusable component-based architecture

EXPERIENCE

- **Full Stack Development (MERN)** | QSpiders (2025 – Present)

Built 4+ full-stack applications implementing authentication systems, REST APIs, CRUD operations, database integration, and backend concepts using MERN technologies.

- **Core Member, College Coding Club**

Organized coding events and mentored junior developers in JavaScript and Data Structures.

EDUCATION

B.Sc. Information Technology | University of Mumbai

CGPA: 9.2/10

2026

Higher Secondary Certificate (H.S.C) | Maharashtra State Board

63

2023

Secondary School Certificate (S.S.C) | Maharashtra State Board

75

2021

ADDITIONAL INFORMATION

- Exploring system design and scalable backend architecture patterns
- Interests: AI tools, competitive coding, video editing, hackathons
